

SOIL

DESCRIPTION:

AgroDyne Equalizer Boron Soil is a high quality boron source combined with liquid humic acid derived from leonardite. Leonardite is the result of the decomposition and compression of plant materials.

COMPATIBILITY:

AgroDyne Equalizer Boron Soil is compatible with most fertilizers, pesticides, herbicides and defoliant. It is always recommended to do a small jar test before large volume mixing. Please consult your local crop advisor for use.

DENSITY: 9.16lbs. per gallon @ 68 degrees Fahrenheit

GUARANTEED ANALYSIS:

Boron (B).....4%
(Derived from Boric acid)

ALSO CONTAINS NON PLANT FOOD INGREDIENT:

2% Humic acid (Derived from leonardite)

WARNING: Product contains 0.1% or more by weight of Boron (B). Use of fertilizing material on any crops other than those recommended may result in serious injury to the crop(s).

Product contains trace heavy metals. Information regarding the contents and levels of metals in this product is available on the internet at <http://aapfco.org/metals.html>

APPLICATION RATES:

Water run / Flood irrigation:

1-5 gallons per application.

Drip irrigation & micro sprinklers:

1-3 gallons per application.

Product can be applied pre/post season.

FOR PROFESSIONAL USE ONLY. KEEP AWAY FROM CHILDREN. NOT FOR HUMAN CONSUMPTION.

NOTE: Buyer assumes all risk of use, storage and handling of this material. Neither seller nor its agent make any warranty, expressed or implied, concerning this product, except in conformity with statements on the label.

HANDLING:

Follow appropriate safety procedures. Skin contact may cause temporary staining. In case of accidental exposure, flush with water. Product is non-hazardous.
