Technology

### CROP FIT

Almonds, Pistachios,  
Pecans, and other crops  
that require more zinc.

### APPLICATION

- 1 pint to 1 gallon per application
- Through drip irrigation, micro-sprinklers, or mechanically applied through injection

### WHY IT FITS

- ✓ Supports stronger below-ground performance
- ✓ Built for practical field use
- ✓ Designed to do more than supply zinc alone

**STRONGER ROOTS.  
STRONGER RESPONSE.  
SMARTER PROTECTION.**
